Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

Kept mapping system updated with appropriate outfall inspection data. Utilized the provisions of the IDDE SOP while investigating the 1 IDDE complaints.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

1 IDDE complaints were investigated. This IDDE was corrected through our SOP. The community and municipal staff are starting to recognize what an illicit discharge is and contact the Coalition office for further information. This is a big improvement that stormwater is now recognized as something to pay attention to. 276 outfalls were inspected this reporting year with Illicit 0 discharges found.

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

Continue to utilize the electronic inspection program for outfall work. Update sewershed mapping when new outfalls are located within the urbanized area and finalize sewershed mapping within the expanded urbanized area from the 2010 Census. Employ the provisions of the IDDE SOP in the advent that an illicit discharge is detected.
