On Monday, April 22, 2024, Elmira City Council passed the following agenda item, 2024-145: Act on a resolution posting a publication on the City website, City social media channels, City email newsletter and issues as a press release of Rental Properties that are not properly registered and inspected, have outstanding Municipal Code violations or have failed to address said Code violations resulting in loss of tenancy by residents; said publication may include identifying property owners, property managers and limited-liability companies with uncorrected violations and caused loss of tenancy, will remain on the published list for one year after the last violations.

On May 20, 2024, two links were available for the public to review. It was brought to our attention that the lists had an error, and they were withdrawn.

The below link are open property maintenance violations.
